**Nekoosa's Nutrativa Global Nominated for Recognition**

*Sen. Patrick Testin Nominates Cranberry Protein Powder for "Coolest Thing Made in Wisconsin"*

**Nekoosa, WI** – Wisconsin Manufacturers and Commerce (WMC), the state's chamber of commerce, is currently accepting nominations for their 6<sup>th</sup> annual "*Coolest Thing Made in Wisconsin*" contest. Senator Patrick Testin (Stevens Point), who each year suggests a product made in the 24<sup>th</sup> District for consideration, has nominated Nutrativa Global's cranberry protein powder for this year's contest.

More than 60% of America's cranberries come from Wisconsin, and Nekoosa-based Nutrativa Global has been making high-quality cranberry protein powder for more than two decades.

"Nutrativa Global is a leader in natural food products made from quality ingredients," said Senator Testin. "They make sure that every part of the plant is used in pursuit of a nutritious and good tasting product."

Wisconsin Manufacturers and Commerce is accepting nominations for the contest until September 3<sup>rd</sup>. The public will have the opportunity to vote for their favorite product at [www.MadeinWis.com](http://www.MadeinWis.com) later this month.
